

FABULOUS FLYING BLUEBIRD!

This bluebird files through the air just like those in BLUE SKY BLUEBIRD.

1. Copy this sheet on cardstock.
2. Color the bluebird. (or use this template to make any bird you like)
3. Cut out the bluebird along the dark lines.
4. Now color the underside and draw in the eyes.
5. Fold the bird in half along the central dotted line
6. Fold down the wings along the dotted lines.
7. Fold down the tail feathers along the dotted lines. These will be the rudders.
8. Cut short slits in the wings to make feathers.
9. Push the wings up a bit, push the rudders slightly downward.
10. Attach a small paper clip under the head.
11. Toss your bird up into the air. Watch it go!
